What to do if the OBD II scanner doesn't ... - Flagship One Blog

There were only two sizes of sealed beam lights available between 1940 and 1978, which were the round 5.75 inch and 7 inch style. To make vehicles look good when they all used the exact same lighting, many manufacturers had headlamp covers. The Camaro RS/SS and Buick Riviera are two great examples of this.

Hi friends, my Hyundai Getz 2008 is not blowing cool air. I took the car for repair in Auto Master and charged \$145. Next day it was not working again. Requested for further correction but they failed. I have checked the fuses and control switch, it is found ok. Checked power to the compressor and it's missing. Now I have no idea. Can you ...
