### Convert Manual Locks To Power

Electric-Life offers a Universal Power Door Lock Kit to convert nearly any manual-locking vehicle to central power locks. Two- and four-door systems are available. The basic kit includes Swiss-made actuators (in 2- and 4-door configurations), the Central Locking Module, a wiring harness, mounting hardware and instructions.

### Converting manual locks to power locks | SuperMotors.net

Take out the manual lock, and then look at the mounting pads for your actuator. Using your pliers, bend your lock rod from the kit, and make this so that it runs along the same line as the factory lock connection. You can then fit the manual lock back into the door, synchronizing the actuator and the lock rod.
