An example where a student may not own copyright is where their work is funded by an outside business, such as where a business funds a competition for the design students to come up with a new logo. This work may form part of the student's portfolio, but the basis of the agreement with the business is likely to be that the copyright and other rights in the winning design will be transferred ...

**What is Copyright Infringement? - Understanding Copyright Law**  
Plagiarism is a type of misconduct that, in some cases, may also give rise to copyright infringement. Plagiarism occurs where a student uses someone else's ideas or words in their work and pretends they are their own. If the student has used a lot of someone else's words without that person's permission, copyright infringement may also occur.

I will assume that the study guide copies significant amounts of the original text book, other text books, and online sources, since your concern is copyright. All copying requires permission, which seems to be lacking; the question of "claiming to have made the material" is about plagiarism, which is not a legal matter.
