#### Remarks On Colour

Remarks on Colour ( German: Bemerkungen über die Farben) was one of Ludwig Wittgenstein 's last works, written in Oxford in 1950, the year before he died.

#### Remarks on Colour - Wikipedia

Defining a color in terms of a wavelength of light, for example hardly captures what is meant by the color. Pointing to a spot along a spectrum and saying, "Here is where orange ends and yellow begins" will always seem declarative, not factual.

### **Remarks on Colour (00)**

"The craving for color is a natural necessity just as for water and fire. Color is a raw material indispensable to life. At every era of his existence and his history, the human being has associated colour with his joys, his actions and his pleasures." - Fernand Leger, "On Monumentality and Color", 1943

### **Artists Quotes About Color**

Researchers says that red and yellow are the most appetizing colors. Having said that, they advice not to paint your kitchen yellow if you're on a diet. You'll just end up frustrating yourself after giving in to the temptation. On the other hand, the color blue is the least appetizing color. View Source.
