Specialized puts this code on a little sticker that'll either be on the bike or in the manual that comes with it. If not, it's also labelled on the underside of the TCU (Turbo Connect Unit), which you can remove via a T10 torx key. If you've got a new generation bike with the MasterMind TCU display however, no such code is required ...

The bike is heavy though and if I'm on a hill and go down on the pedal assist or shift to a hard gear the change makes it a lot harder to move. I would like an online tutorial if there is not one already. I found the owners manual to be lacking some basic info like how to turn on lights and about pedal assist. Otherwise I'm happy with the quality and price and have had fun riding it. (0 ...
