LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

A series of so-called degenerate art exhibitions were sponsored in order to depict modernist painting and sculpture as expressions of mental illness and general depravity. Classical art that reinforced Hitler's personal taste, from Roman statuary to Dutch oil paintings, was scavenged from across Nazi occupied Europe.

Individual Engineers have been observed to vary in appearance as well as abilities. Engineers are humanoid, hairless with very pale skin, through which many blood vessels are visible. Their eyes are said to be "dead seeming," with pupils shaped like oblong crosses. Engineers stand 9-12 feet tall and, like humans, breathe oxygen. However they are seemingly able to withstand higher carbon ...
