emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual ...

Amazon.com: The Death of Expertise: The Campaign against ...

The Death of Expertise: The Campaign Against Established Knowledge and Why it Matters by Tom Nichols “The Death of Expertise” is an intellectually stimulating book that looks at how a movement of ignorance has threatened our ability to rely on expertise. Professor Tom Nichols takes the reader on a journey that shows that not only have we dismissed expertise we are now proud of our own ignorance.

The Death of Expertise: The Campaign Against Established ...

“The death of expertise” is one of those phrases that grandly announces its own self-importance. It’s a title that risks alienating a lot of people before they even open the book, almost daring the reader to find a mistake in it somewhere just to take the author down a peg. I understand that reaction, because I feel much the same way

How We Killed Expertise - POLITICO Magazine

To that point — the supposed democratization of expertise — “The Death of Expertise” blames the American mindset and recent innovations in information technology. Americans have always stressed (rugged) individualism. Likely emerging from the American Revolution as revolutionaries rebelled against the British monarch and other elites in Parliament and gathering momentum through the constitutional guarantee of individual rights and the decades of progress that led to “manifest ...
