Voicings For Jazz Keyboard

This is the best book I ever bought about jazz keyboard voicings. I'm just starting to understand the importance of thinking in fourths. For years I tried to figure out jazz standards and how the masters would voice chords. I couldn't figure it out. I was stuck in "thirds city." A very bad city to be in.

It becomes a two-hand piano chord voicing. Since we are taking the 2nd voice from the top and moving it down an octave, we call it "Drop 2." You can either play the lowest two members with the left and upper two members with the right or you can modify that according to your preference and, of course, how the chord voicing is used in context.
