In The Blue Nile, Alan Moorehead continues the classic, thrilling narration of adventure he began in The White Nile, depicting this exotic place through the lives of four explorers so daring they can be considered among the world's original adventurers -- each acting and reacting in separate expeditions against a bewildering background of slavery and massacre, political upheaval and all-out war.

Read Download The White Nile PDF - PDF Download

The White Nile covered the river raft expedition by National Geographic down the White Nile. From the beginning, the book brought you into the group of explorers as though you were there. The main person from National Geographic happened to be a lady. She organized the trip and what a trip it was.

The White Nile: Moorehead, Alan: 9780060130497: Amazon.com ...

The Nile River has two major branches, the Blue Nile and the White Nile. Both branches are named for the color of their water. The Blue Nile is a bright blue at its source, and begins to darken when it reaches the Sudan, while the White Nile's water is a whitish-gray (Hoyt, 2008).
